**ISSUE DATE: FEBRUARY 18, 2025**

## **DUE DATE: MARCH 19, 2025**

The Brick Housing Authority (BHA) is seeking MEP to provide (i) intrusive review of its current circulating hot water heat and domestic hot water system, (ii) make recommendations based upon its review and (iii) design services related to the repair and or replacement of the circulating hot water heat and domestic hot water system servicing the George J. Conway Residential Building located at 165 Chambers Bridge Road, Block 702, Lot 1.02. The building is a 4-story structure that was constructed in 1981. The building houses 124 residential senior units and is currently serviced by twelve (12) boilers that are located on the (ground level) and are original to the building.

Anticipated phases in the scope of solicited services include:

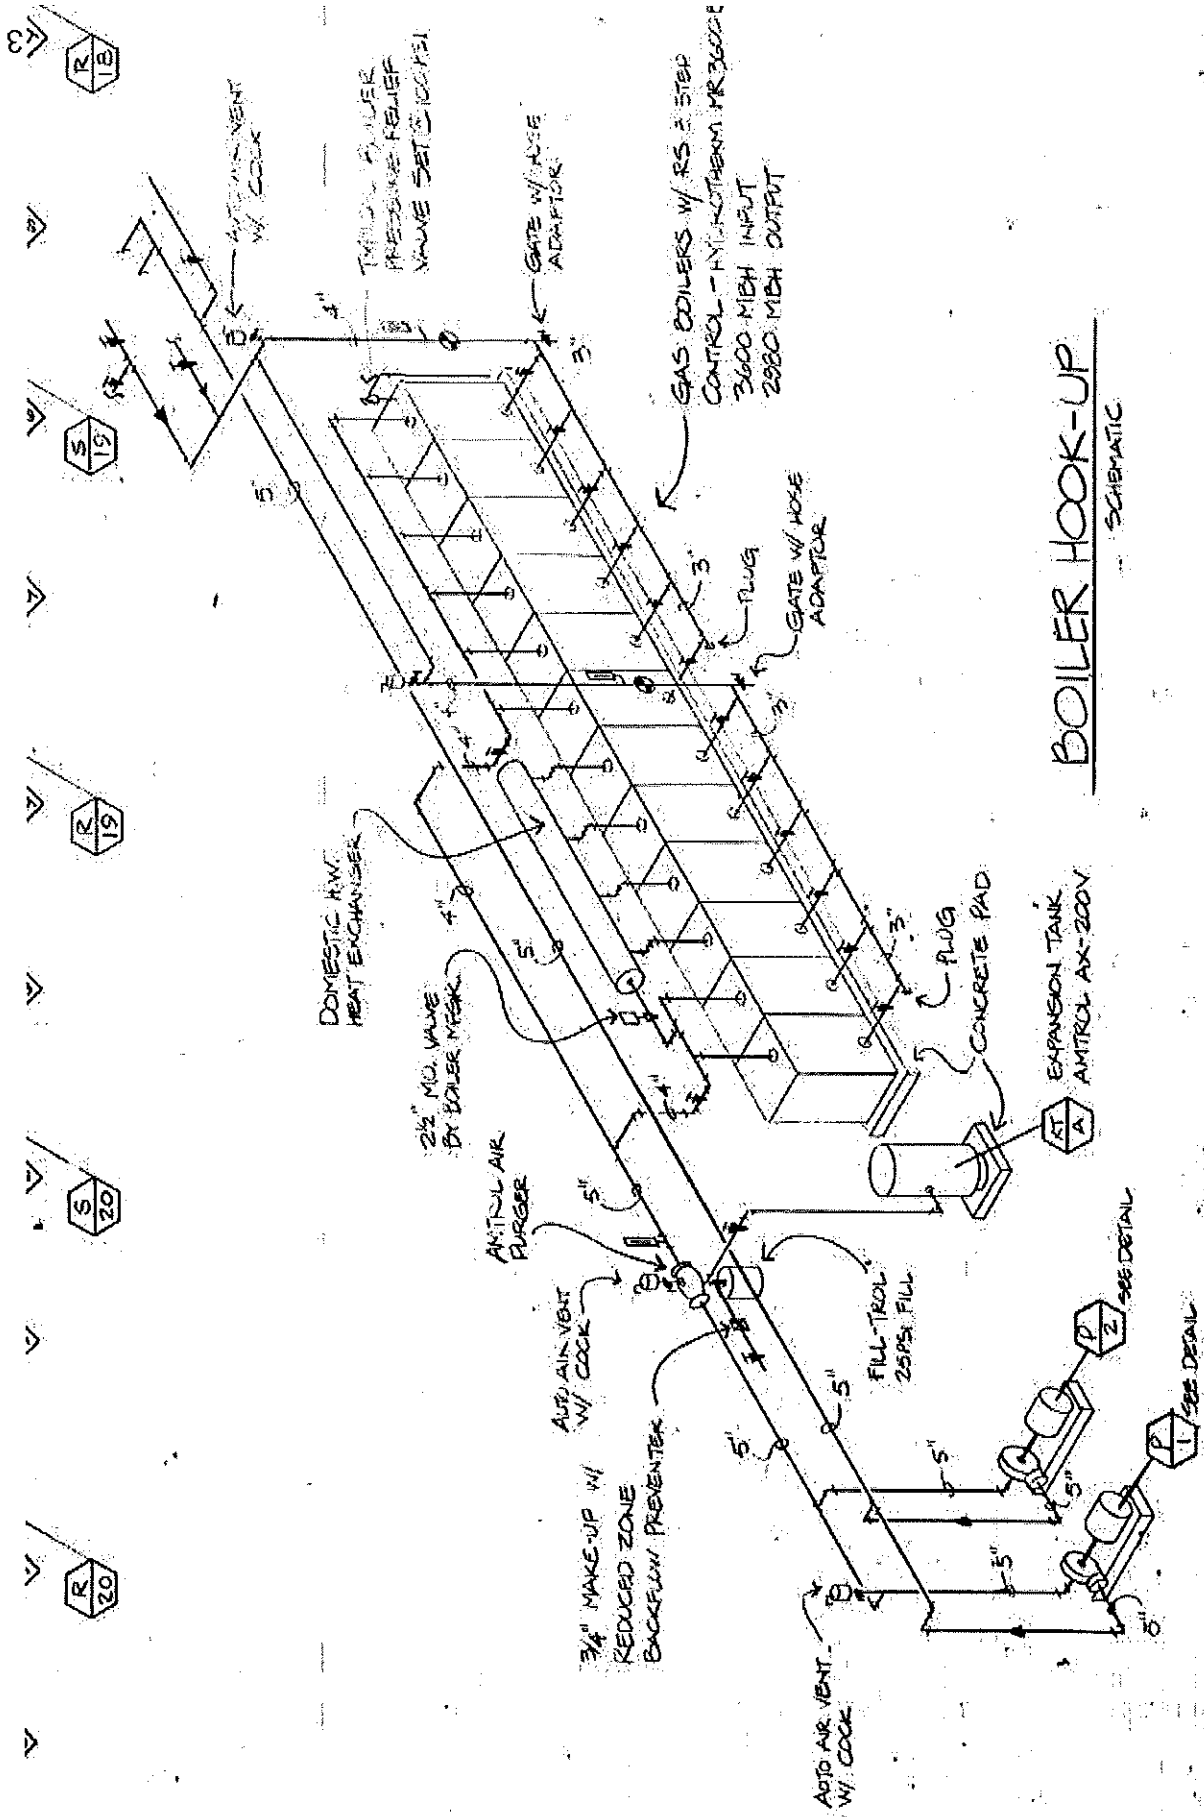

- Evaluation Phase
- Schematic Phase
- Design Development

A pre-response site inspection is mandatory and can be coordinated by contacting Jake Naszimento at 732-206-3224.

If you are interested in submitting a proposal for these services, please reply to the Brick Housing Authority at the contact information provided below. Responses shall be submitted to the Brick Housing Authority on or before 2:00 p.m. prevailing time on March 19, 2025.

**Jake Naszimento, Executive Director  
Brick Housing Authority  
165 Chambers Bridge Road  
Brick, NJ 08723**

Respondents should include a valid Business Registration Certificate from the State of New Jersey Department of Treasury, Division of Revenue with its response.
