

Brick Housing Authority Overnight Visitor Policy

The Brick Housing Authority (BHA) is committed to ensuring the comfort, safety, and well-being of all residents. As part of this commitment, we have established the following policy regarding overnight visitors:

Overnight Visitor Limitations:

- Residents are permitted to have guests stay overnight in their units. However, the total number of overnight stays by any single guest **cannot exceed 14 days** within a calendar year.
- These 14 days are **non-consecutive** and are intended to accommodate occasional visits from family and friends.

Notification Requirement for Extended Stays:

- If a resident wishes to have a visitor stay at the BHA for more than **2 consecutive nights**, the resident must notify the BHA office of this intention in writing.
- The notice of an extended visitor stay must be **received by the BHA office no later than the 3rd day** after the guest begins their stay at the BHA.

Policy Compliance:

- Adherence to this policy is essential to maintain the integrity of our community and the terms of the lease agreement.
- Failure to comply with this policy may result in actions as outlined in the lease agreement and BHA regulations.

We appreciate your cooperation in following this policy and helping us maintain a harmonious living environment for all residents.
